The only one "Supply Chain by Design" Company

For Supply Chain Innovation in Thailand

OTAGAI Forum Association

Hosted by: WAKU Consulting

Directed by: Mitsuo Matsubayashi

To what extent we can contribute to Thailand What we can As a result

- Supply Chain reform across the breadth of Thailand and Southeast Asia
- Human Resource development for Thai people

- SCM Innovation in Thailand; 10% cutting (200 billion baht) of as-is logistics cost (2.14 trillion baht)
- Abatement of CO2 emission
- BCP against disasters

- ◆ Of top 25 SCM implementation companies Garner nominated, 19 has adopted ours
- **◆** Customer list includes Ford, Toyota, P&G, Coca Cola, Nike, and Walmart
- **80 SCM** specialists who has more than 30 years of operational experience
- Japan's No.1 and the only one Supply Chain Management training company

Spirit of OTAGAI (we are in the same

boat) How to materialize and steps

- **Establish JV** with a company who is interested in our solutions
 - → Waku to provide people, know-how and expertise, training, Sales support, and consulting services
 - → Partner to provide fund (60 million baht) and management resources and run the Company
- **Execute SCM** innovation at the Partner company first and yield results; "Use What We Sell"
- Sell solutions outside; "Sell What We Use"

OTAGAI Forum Association

Summary

- 1. Contribute to Supply Chain innovation in Thailand and Southeast Asia Cultivate Human Resources specialized in Supply Chain theory and practical knowledge
- 2. The above two brings about oceans of profits to Thailand and her companies
- 3. Want to establish Joint Venture for further development of this strategy and look for an allied company
- 4. Hope Thailand Government can take on two roles:
 - Recommendation of a JV candidate
 - **Evaluation of possible use of our solution in Dawei Project**
- 5. Together create a blue-chip company in 5 years time with Sales of 500 million baht and net profit of 100 million baht and go public in 2020

- Philosophy: "Under the banner of altruism, work with excitement, and make a social contribution'
- **Business portfolio:**
 - **Business Process Reengineering and IT Consulting**
 - **Cultivation of human resources**
