-We Fukuokarashi (from Sabae where is highly shared of spectacles frame) have own branch in Vietnam ,so powerfully support the development of relationship between Thailand and Vietnam as a member of AEC.

-We are sure of contribution for the area of precision metal processing by our special techniques, making effort not only for you and us but also for Thailand's benefit and bright future.

2. Selling point

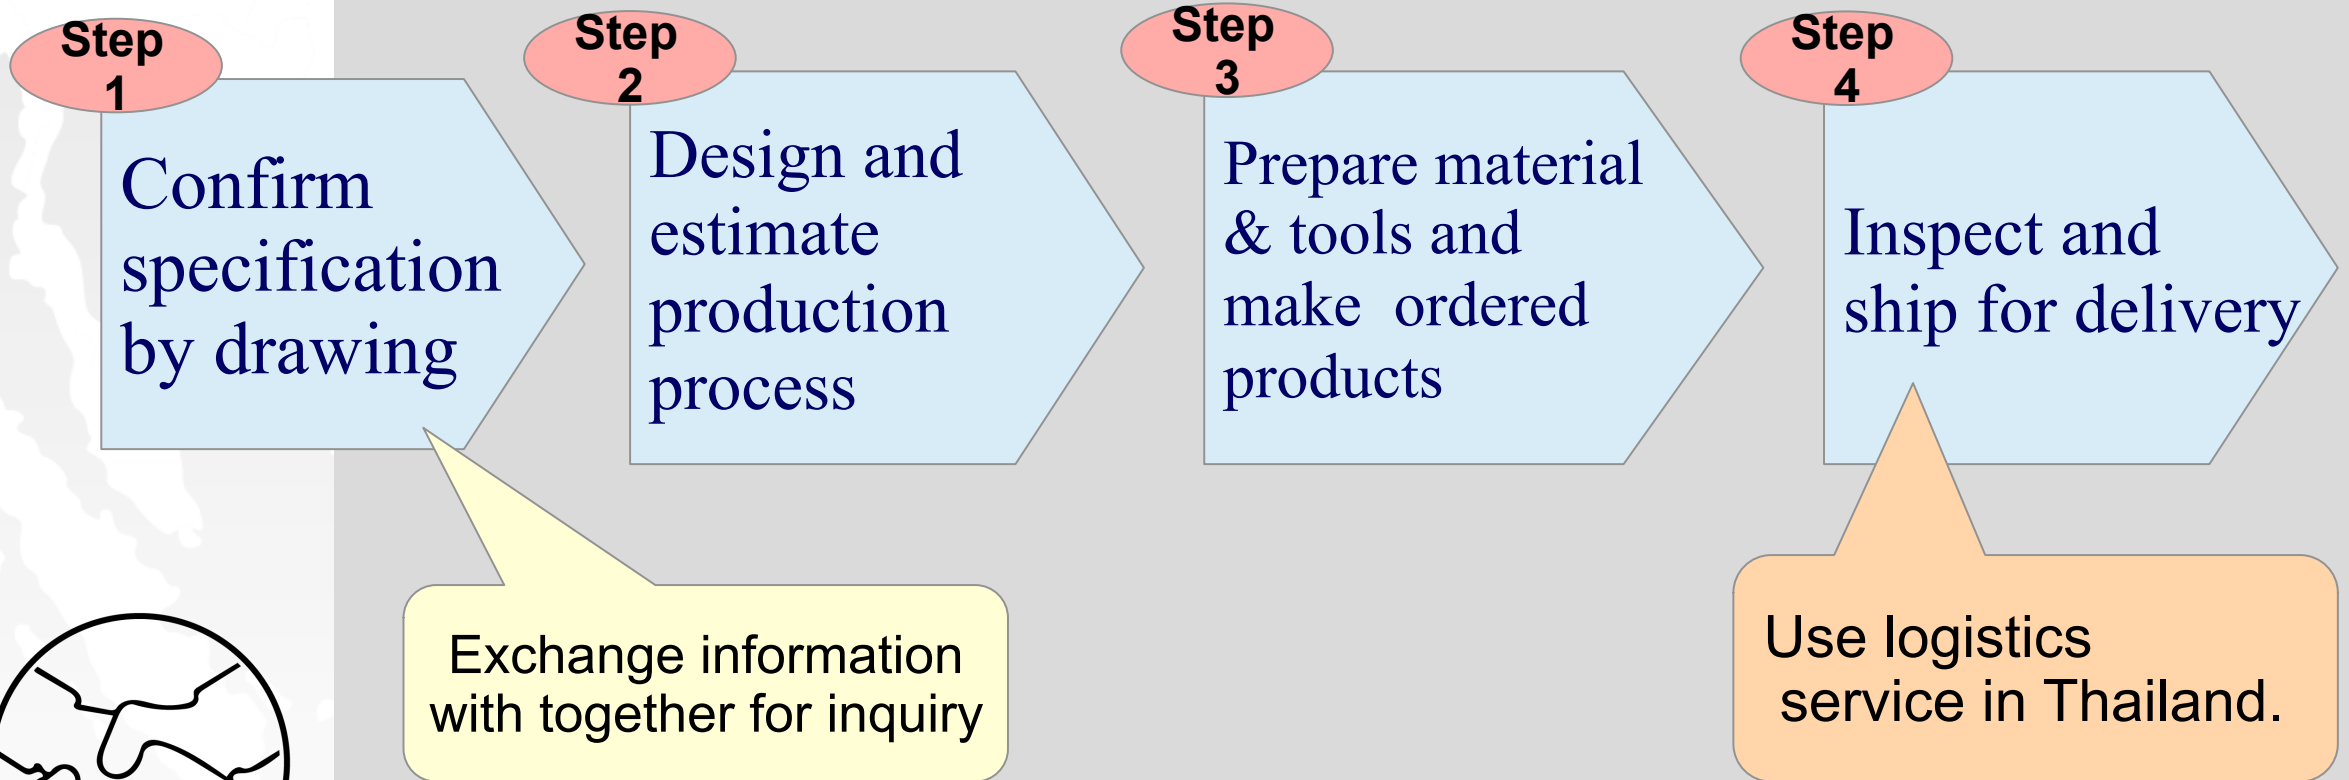

**Spectacles hinge parts
(material : Nickel Silver)**

**Mechanical pin, shaft parts
(material : Steel, Stainless etc.)**

3. OTAGAI point

How to realize...

Cooperate working together with Thai company!

4. Summarize

**We believe that we can cover up “missing link” for the industry of Thailand ;
especially precision cutting of metal machining by lathe machining or dedicated machine
(using material such as stainless steel, aluminum, iron, copper, brass etc.)**

Achiving fast delivery, low cost, quality and accuracy, prototype and product development, corresponding to the maximum of effort to customer requests, also satisfying even a little, we will design and propose the best.
